■

- No extra fees (international/exchange rate)
- Need a local number
- Not all places accept debit (bakeries, only cash)

Through paypal, because you can connect your bank account to it

■ ■

Small local businesses (bakeries, kepabs, small resturants) only really accept cash
Malls, and bigger companies accept debit/credit cards

Learning about another culture. As well as performing well in school because it's less challanging than ¶¡ÏãÔ°AV, giving me the chance to really do well.
