

9th Annual MDDC Awards for Excellence in Biomedical Engineering Student Design & Innovation

The MDDC Medical Device Development Centre of British Columbia ('the MDDC') is pleased to announce the renewed and increased endowment **of up to \$19,000** to the MDDC Student Awards to encourage and recognize student innovators in technologies relating to medicine and health care, including medical devices, systems, software, apps, and assistive technologies.

This year's competition has the additional "Need-Oriented innovation Award" of up to \$10,000.

Biomedical Engineering Design & Innovation Awards:

Principal Award (\$5,000)

Innovation Award (\$2,500)

Distinction Award

Students enrolled in engineering, or technology related programs

Eligible projects are for innovations in one of the categories of:
- System for personal distress, robotic system for reducing health care workers to reduce costs.

Need-Oriented Innovation Categories and Background

Please visit the MDDC website www.mddc.org for additional information related to the competition

Important dates:

Award applications deadline **midnight Sunday April 2nd, 2023**

Finalists will be notified on or before **Monday April 10th, 2023**

Finalists will demonstrate their project/prototypes on **Saturday May 6th, 2023**

Information related to applying and terms and conditions is available at www.mddc.org
