

IMON F A E NI E I V

virtues of free-market capitalism has been undermined by serious recession and an uncertain recovery in which the 'new normal' is very slow growth and high levels of unemployment.

In a curious version of blaming the victim, se

follow you in these directions and who will resist, and an ability to communicate effectively, perhaps even inspirationally, so as to forge winning coalitions in support of the changes you want to lead.

Breadth of vision does not come from an all-consuming specialization, but from broad-ranging curiosity, inquiry and investigation. “The future belongs to the curious,” to quote a professor’s advice from Truffaut’s great film J. . . J., and your curiosity will lead you in paths you
