
the student has completed at least one semester in the program and has completed at least one graded course at the time of application

2. the student meets the basic GF eligibility requirements

Both student and supervisor must confirm that the above requirements have been met prior to an award being made by responding to the Graduate Secretary's solicitation. Students who do not meet the requirements in their 1st or 2nd years, or who wish to postpone this opportunity, may request a non-competitive GF at another time, by email to the Graduate Secretary, provided all requirements are met. Decisions on these requests are subject to funding availability. The above approach is contingent upon EASC BASS

Students who hold major awards or scholarships that exceed the recommended departmental minimum, or who are self-funded, are eligible to apply for competitive GFs but may be given lower priority. Statistics are
