

PHD THESIS PROPOSAL INFO SHEET

PURPOSE

The student defends the originality and feasibility of the proposed thesis in a seminar.

TIMING

The thesis proposal is normally presented and defended within three semesters of the depth examination.

COMMITTEE

The student's supervisory committee should be present. An examiner is not required.

PROCEDURES

The student, in consultation with the supervisory committee, formulates and submits for approval, a written thesis proposal consisting of a research plan and preliminary results. The student then gives a seminar (about 20-30 minutes in length) followed by questions from the committee.

STUDENT RESPONSIBILITIES

- x _____ at least ten days before the exam date.

_____ template can be found [here](#)

GPA RESPONSIBILITIES

- x Book the room/Zoom meeting for the Thesis Proposal
- x Provide evaluation form to supervisor prior to the proposal
- x Update student's profile to indicate Thesis Proposal is passed, once evaluation form has been completed and submitted by supervisor
