**11. Graduate Retention Statistics (by year of Admission to Program).** Data excludes students who withdrew from their programs before the end of the third week of classes of their first term. Early withdrawals are students who withdrew from their program after the third week of classes of their first term and before completing their second term. Withdrawals include students who transferred to another program at SFU, except students who transferred from a Master's to a Doctoral program within the same department, who are only reported under the Doctoral program. Percentages may not add up to 100% due to students who withdraw or complete in more than the specified number of years (6 for Master's, 8 for Doctorates). Data is reported based on elapsed time since starting the program, including terms of non-registration. Metrics based on data with less than five students is masked for privacy and/or identification reasons. Includes students in the following program 3.8 (t) (i) 9.4 colg 1.5 (i) -0.6 (t) 3.7
