STUDENTS

All data in this section are reported based on the fiscal year, which consists of the summer, fall and spring terms. Unless otherwise stated, data are as of the end of the third week of classes each term, except for enrolments in the summer session, which are as of the end of the first week of summer session classes.

1. Annualized Activity FTE (AFTE) Enrolment.

Undergraduate:

- Non Co-op AFTE for a course
(# of units) x (# of undergraduate students enrolled) / 30

capstone, internship sections. Courses taught together (i.e. concurrent) are counted as one section. The section level is determined by the course section with the higher enrolment. *Source: IRP - IAA Database.*

17. % of Course Sections Taught by CFL. This table looks at the proportion of sections reported in Table 16 that are taught by CFL. If a course section is taught by both a CFL and a non-CFL instructor, the section is counted as a CFL instructor section. *Source: IRP - IAA Database.*

18. Average Class Size. The average class size is calculated from course sections at the primary (.00) section level (i.e. those sections reported in Table 16). This calculation excludes directed studies, distance education, open labs, practicum/co-op, thesis, independent study, capstone, internship sections. For courses taught together, enrolment in the sections are combined and the section level is determined by the course section with the higher enrolment. *Source: IRP - IAA Database.*
