

### **STUDENTS**

All data in this section are reported based on the fiscal year, which consists of the summer, fall and spring terms. Unless otherwise stated, data are as of the end of the third week of classes each term, except for enrolments in the summer session, which are as of the end of the first week of summer session classes.

## 1. Annualized Activity FTE (AFTE) Enrolment.

## **Undergraduate:**

Non Co-op AFTE for a course
 (# of units) x (# of undergraduate students enrolled) / 30

## • Co-op AFTE for a course

Each co-op enrolment generates 0.5 AFTE per term

## Total Department AFTE

The total AFTE for a department is the sum of the AFTE for the courses (co-op and non co-op) offered by that department.

- The course department is based on the academic organization associated with each course in goSFU.
- Some courses are reported under an alternate department to reflect arrangements regarding funding and/or administration of the course. These exceptions are based on information provided to IRP by the affected departments.

#### Notes:

- Includes undergraduate student enrolment in graduate level courses.
- Excludes graduate students in undergraduate courses and audit enrolments.
- Co-op AFTE are normally excluded for reports relating to planning, and included for all other reports.

Changes to definition: Co-

- 7. Time to Baccalaureate Degree Completion. Includes students completing their first SFU undergraduate degree. Time to completion is measured as the number of terms that pass from first undergraduate SFU admission to completion (inclusive), including non-registration terms. Students are assigned to departments and faculties based on their programs and major-level plans at graduation. Students may belong to more than one department or faculty. Data are grouped by fiscal year of convocation. Analysis is restricted to students admitted since 1990, who were in an undergraduate degree program in their first term (at official reporting dates). Source: IRP.
- 8. Time to Graduate Degree Completion. The number of terms to complete the degree is a simple count of the terms from program start to graduation, including terms of non-registration. For students who transferred from a diploma to a Master's or from a Master's to a Doctoral program within the same department, the time to completion is calculated based on entry into the first program. For students who transferred from a different program, the time to completion is based on the first term in the new program. Completion year is based on the fiscal year in which the degree was awarded. For Master's degrees, the non-thesis option includes other types of capstones (e.g. project, examination, portfolio, extended essay) as well as non-capstone programs.

- **9. Average Grade Awarded for Undergraduate Courses.** The average grade awarded in undergraduate courses. The average only includes grades with a numeric equivalent (A+ to F/FD/N). Co-op courses
