

PHILOSOPHY 223

EPISTEMOLOGY AND METAPHYSICS

problem and the Cartesian problems: personal identity, the mind-body

what that person did last year,  
how long he is old (how would

have the same body, or that you have memories of  
or some combination of the two? Is reincarnation  
we know if someone were to be reincarnated,

The Mind-Body Problem

... many philosophers believe that these can be settled  
a variety of different empirical methods. Some argue that reincarnation is cer-  
tainly, but others have argued that there is no way to
