

PHILOSOPHY 150

UNIVERSITY OF CALIFORNIA

WINTER 1965

REQUIRED TEXTS

W. J. Jones, *A History of Western Philosophy: Vol. I, The*

Other disciplines with the opportunity of relating the
 ment of Western philosophy, an essential part of the cultural
 and scientific studies, is to view the beginnings of them
 and to understand their development in the history of
 thought and to see how they have been influenced by the
 social and political conditions of their time.

The course is designed to provide students with an
 understanding of the basic concepts and methods of
 philosophy, and to develop their critical thinking
 skills. The course is divided into three main sections:
 1. The Pre-Socratic Philosophers
 2. The Classical Period
 3. The Medieval and Modern Periods
