## THE MEANING OF LIFE

MARTIN HAYN

SPRING SEMESTER 1986

### REQUIRED TEXTS:

*Life: The Search for Meaning*  
by Viktor Frankl

...that this world is not a mere accident, but a work of art that has been thought out in the most profound manner by a God who is not a deity, but a person. ...

...the meaning of life is not to be discovered in any one thing, but in the whole of our existence. ...

...the meaning of life is not to be discovered in any one thing, but in the whole of our existence. ...

...the meaning of life is not to be discovered in any one thing, but in the whole of our existence. ...

...the meaning of life is not to be discovered in any one thing, but in the whole of our existence. ...

...the meaning of life is not to be discovered in any one thing, but in the whole of our existence. ...

...the meaning of life is not to be discovered in any one thing, but in the whole of our existence. ...

...the meaning of life is not to be discovered in any one thing, but in the whole of our existence. ...
