
Telus Originals “support[s] established, independent Canadian filmmakers to produce compelling, locally reflective, social purpose documentaries and documentary series set in B.C. and Alberta. We work with producers who have an authentic connection to the story they seek to tell and prioritize representation in front of and behind the camera.”

“STORYHIVE gives underrepresented communities in British Columbia and Alberta an opportunity to share their stories on the Canadian Broadcasting System. Through various programs we provide production funding, training, mentorship and distribution on TELUS Optik TV.”

“Since 1997 the Bell Fund has received over \$275 million in financial contributions from Bell TV to support Canadian Independent Producers in the development and production of great Canadian content. In 2001 the Bell Fund was awarded an endowment of \$10 million from Bell TV, as a result of a tangible benefits package. The revenues generated by this endowment are made available for development funding.”
