

CFI Innovation Fund 2025 Research Infrastructure and Space Needs Assessment Form

This form is to be completed in consultation with the Faculty and the CFI team (cfi@sfu.ca) at SFU for all SFU internal 2025 Innovation Fund applications. Please submit signed forms to cfi@sfu.ca by Mar 15, 2024.

SFU Team Leader(s):

Main Contact Information:

Faculty(ies):

Department(s)/School(s):

Working title of project:

1. Space Details:

Has the space(s) to house the proposed infrastructure been identified?

Yes No

If yes, indicate total square metres of space

If yes, please indicate:

Is this space(s) already allocated to the Faculty (non-departmentalized), School, or Department?

Yes No

Building name(s):

Room number(s):

Who is currently occupying this space?

Type of space needed (check all that apply):

Wet lab

Dry lab

Clean room(s)

Radiochemical

Other (please specify): load on floors

Computing (not stand-alone)

and desktops and laptops)

Integrated into existing Digital Research Environment (required in entire room)

Chemical storage requirements

For any specific space requirements (listed above or otherwise), please provide details:

3. Service requirements to use equipment / perform research activities (check all that apply, provide additional details in text box below):

- Natural gas
- Lab gases H₂, He, N₂, O₂
- Compressed air
- Vacuum lines
- Plumbing / potable water
- Electrical
- Other (specify):

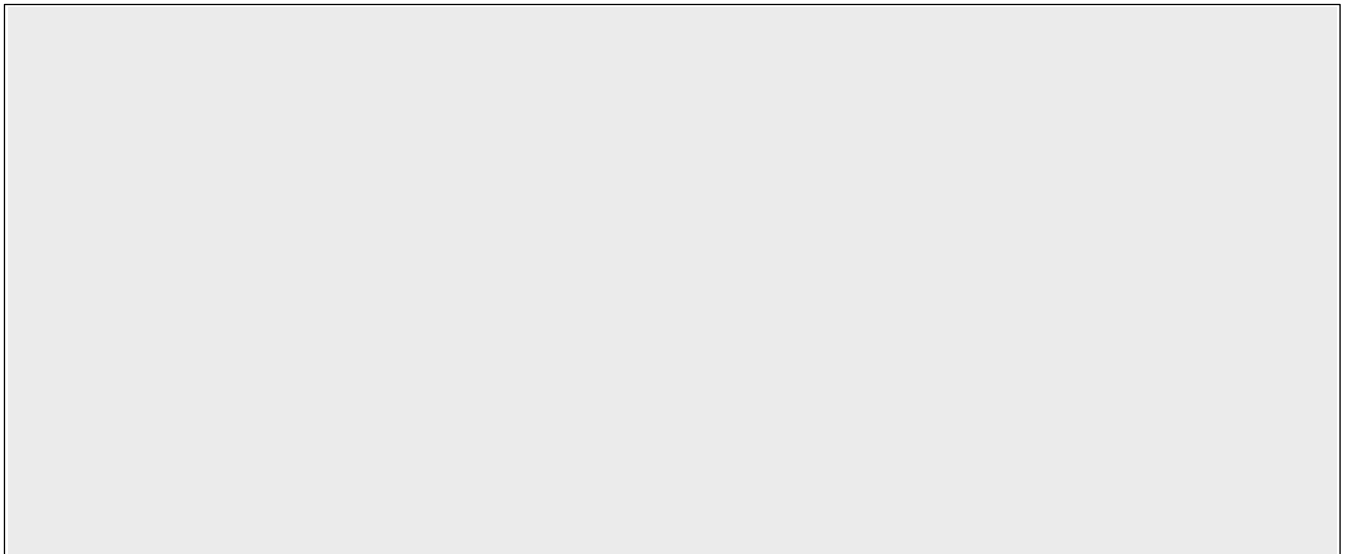

Please provide elaboration of service requirements (listed above or otherwise) in the space below

4. Space Usage Considerations (please describe what is applicable from the list below in text box below)

Shared or dedicated space

Stand alone, part of Departmental/School/Faculty shared facility, or part of an existing/new core facility

Number of researchers/ users (internal and external)

Faculty
