Attendees: A. Brooks- G. Chapman, C. Dauvergne (Chair), J. Denholm, J. Derksen, E. Fiume,

The Chair tabled the item to the next meeting.

The Chair asked A. Brooks-Wilson to provide additional comments for the item as needed.

A. Brooks-Wilson noted the Centre for Scottish Studies had requested a one-year extension back in October 2020 and that due to an administrative error the renewal was submitted to, and consequently approved by, SCUP as a five-year renewal. In order to correct this error, the following motion was introduced:

Guest: Mark Jaccard

Guest: Helen Hok

It was further noted that the Department has worked to build breadth and depth capacity which has led to increased enrolment and supports the aspiration to continue building the program.

A committee member offered compliments for the Department on the large amount of work done for this review, particularly the development of a visual representation of how educational goals and skills are being developed and addressed within each course.

It was noted by a committee member that the Department does not have Graduate Program yet their faculty provide extensive graduate supervisory work supporting programs across the university.

The Chair called for further questions or comments. Hearing none it was confirmed that the item will be conveyed to Senate.
