

SPRING TERM 2010 COURSE OUTLINE

This is one of the first courses in probability and mathematical statistics: Basic laws of probability, sample

WebCT, eLive and LON-CAPA Computer Requirements

- x This course requires active online participation. WebCT (a web-based course management system), eLive, also called eLive (an audio-based online conferencing tool), and LON-CAPA (an online learning management system).
- x Please refer to [eLive Set-up and Help](#)
- x Please refer to the "STAT 270: Getting Started with LON-CAPA" document in your course package for more information about using LON-CAPA in your course.
- x On-campus computer facilities are available. If you are using your own computer, these are the minimum computer requirements:

Hardware

- x PC with Windows 98, 2000, ME, NT, XP, Vista OR Mac with System 9 or later
- x 256 MB of RAM for Windows, 1GB for Vista, 128 MB of RAM for OS X, 10.2, 10.3, 256 MB for OS X 10.4
- x 56K baud modem or higher
- x Sound card with speakers and microphone, or headset
- x CD-ROM

Software and Other

- x Internet connection and e-mail access
- x Supported browsers and JVM for WebCT
- x One of the following web browsers:

PC	Mac
Internet Explorer 6, 7	Firefox 1.0
Firefox 1.5, 2.0	Safari 1.3

WebCT Access and Accounts

- x Access to WebCT begins on the first day of classes.
- x Click here [0006.TC.000415.07.082.0045.T1](#) site

To access WebCT go to the [WebCT Site](#)

for information about how

to get your SFU Computing ID.

- x TRU-OL students: WebCT access details will be provided in your CODE course package.

LON-CAPA Access and Accounts

- x Access to LON-CAPA begins on the first day of classes. You can access LON-CAPA through the following SFU servers:
 - o <http://lewis.chem.sfu.ca>
 - o <http://nernst.chem.sfu.ca>
 - o <http://newton.science.sfu.ca>

x SFU students: Use your SFU computing account ID and your SFU student number to log on to LON-CAPA. If you don't have an SFU computing ID, [get it online](#)

- x TRU-OL students: Your LON-CAPA ID and password is your TRU-OL student number.

Connecting to the Internet from Home

- x You are responsible for setting up your connection through your external Internet service provider (ISP) (e.g., Telus, Shaw, etc.).

General

- x Prior computer knowledge is expected (i.e., ability to save files, install programs, and maintain your computer). Familiarity with the Internet, e-mail, and related applications is strongly recommended.
- x Support is not available for general computer problems (e.g., operating system, hardware).

Need Help?

- x General inquiries [CODE technical support \(WebCT & eLive\)](#) or call 778-782-5575.
- x [eLive FAQs](#) for students.
- x [WebCT FAQs](#) for students.
