

Students requiring accommodations as a result of a disability, must contact the Centre for Students with Disabilities 778-782-3121 or csdo@sfu.ca

Instructor: [Ian Bercovitz](#)

Course Description:

This course is designed to give students some practical experience as a statistical consultant. We will review some non-statistical issues that arise in everyday consulting. Students will meet with clients, analyze data sets and produce summary reports.

There will be weekly presentations approximately 15-20 minutes in length on various non-statistical issues in consulting.

Data sets will be presented and open class discussion of possible analysis methods will follow.

Prepare a bid for a contract and invoice.

Grading Scheme:

A letter grade will be given for this 2 credit course.

Participation (10%)

Presentation (10%)
