Description

CALENDAR DESCRIPTION:

Students will participate in the department's Statistical Consulting Service under the direction of faculty members or the director.

COURSE DETAILS:

Students will participate in the Statistical Consulting Service under the direction of faculty members or the director. Emphasis will be given to client meetings, data analysis and report writing.

Students will engage in client meetings. There will be one day every week where clients may drop in and seek statistical advise.

Get involved in a client project, analyze a data set and produce a summary report. Students will use SAS® Statistical Software for the data analysis.
