

STAT 650-5
Quantitative Analysis in Resource Management and
Field Biology

Spring 2013
Day Course

Students requiring accommodations as a result of disability must contact the Centre for Students with Disabilities 778-782-3112 or csdo@sfu.ca

Instructor: [Dr. Carl Schwarz](#)

Prerequisite:

A course in parametric and non-parametric statistics. This course may not be used for the satisfaction of degree requirements in the Department of Statistics and Actuarial Science.

Textbook:

There is no formal text assigned for this course.

Calendar Description:

The use of statistical techniques and mathematical models in resource management with special emphasis on experimentation, survey techniques, and statistical model construction.

Brief Description:

The course will focus on methods of sampling and experimental designs, along with associated statistical analyses.
