I

and campus tour. The last day of the orientation is a local tour, the tourist guide takes us to the famous attractions, and shares the useful and fun living information with us. I was able to meet new friends from distinct countries because this local tour is prepared for exchange students, who are going to study in BU.

The courses include the lecture and tutorial, and the grading is clear with description and explanation. The local students that I have met are active, hard working and helpful who always help me to solve the problems. The professors are helpful and free to ask question during lecture, contact through email and office hour. They provide comments and suggestions about how to do better.

Hong Kong is an international city, that it is easy to see the diversity culture. It keeps the Chinese culture, while having the Western. Chinese and English are the official languages. Most people speak fluent English, therefore communication would not be a problem. The weather is nice for living, as it is not cold in winter. It does not snow in HK. In summer, it gets a little bit hot but there are air conditioner in dormitory and indoor. HK is well known for shopping and food. There are different cuisines over the world, such as Chinese, Thai, Japanese, Vietnamese, American, British, Italian, Spanish, etc. Chinese restaurants are extremely well-known where people enjoy eating dim sum in the morning. This is called Yum Cha. All you can eat hot pot is also common. In leisure time, my friends always take me to eat hot pot. Normally, the prices vary, based on the quality of meat that you choose. Each time, you can enjoy your meal for at least 2        fom
