

Academic Details

NTU 1 academic unit is equal to SFU s 1 academic unit as well, so no need to worry about the calculation of the unit ratio. The teaching style is very similar to SFU s (at least to my faculty-Business). They have lectures, tutorials (group presentation and individual participation). The grade system is bell-curved cross all the faculty or majors. Instructors are knowledgeable, approachable and caring for his/her students. Questions during the lectures or tutorials are encouraged. Further help is always available either right after the lecture or during instructors office hours.

Country Information

Singapore is a very international place. You can find people from all over the world and live in harmony. This is very similar to Vancouver. The only difference is Chinese people are the majority, who are very nice and can speak both English and Mandarin fluently. The weather at

Singapore is hot and humid. Rain comes quickly and goes quickly too. It is a small-sized country but very clean, organized, energetic, creative and safe

Activities:

Chingay Parade

Every year around Chinese New Year, there is a national celebrating activity in Singapore called Chingay Parade, where Singaporeans from diverse backgrounds will come together to
celebrate core values important to Singapore as
they take the first step towards SG100
