

In the Spotlight

CCWESTT is a three-day national event that will bring together national and international subject experts, employers, CEOs/presidents, government representatives, and women in Science, Engineering, Trades and Technology (SETT) at all phases of their career lifecycle to share their knowledge and experience around diversity and inclusion.

WWEST along with the rest of the NSERC Chairs for Women in Science and Engineering will be there presenting sessions and hosting a booth.

Come join us for a national conversation about diversity in SETT fields! More information [here](#).
