

Playing Pogo Scrabble online  
Sent from Player 2 to Player 1

For Player 1 less computer literate (eg. Grandparent)

1. Turn on computer and open web browser (Chrome was used for the purposes of this tutorial)
2. Go to [pogo.com](http://pogo.com)

3. Verify age and click play
4. You'll be taken to the homepage. In the upper right corner, click Register Now button

5. Enter data, accept policies, click Next

6. Enter preferred email, password and username ( [ L S S 7 S H ` L Y ` V \ Y username ] P H  
T L [ O V K and conPrm that youÕre not a robot. Press Continue.

7.

10. In the upper right corner, click the friend icon (circled below)

11. Accept friend request from "Player 2" by clicking the Add to Friends List button next to their username.

12. Then, return to the homepage by clicking the pogo icon in the upper left corner.

13. Find Scrabble game, either by scrolling down until you see it or by pressing the magnifying glass button to access the search bar (and then searching for Scrabble).

14. Click game icon, exit pop-ups if they appear.
15. Go to play now.

16. Wait for ads to play.
17. Click the *Get Started* button under Find a friend.

18. Find "Player 2" user name under the Friends Table section and click *Join*.

19. Enter password provided by other player.

20. Enjoy!

For Player 2 more computer literate (eg. Grandchild)

1. Create pogo account and once "Player 1" has created an account, add them as a friend.
2. Access scrabble game and go to Find a Friend
3. Create a table
4. Make the table private and create a password. Share the password with Player 1 so that they can access the room.
